

Creating accessible products is a priority for McGraw-Hill Education. We have put in place processes to make accessibility and meeting the WCAG AA guidelines part of our day-to-day development efforts and product roadmaps. We measure and track our progress to ensure we continually make improvements to address the evolving industry standards and to meet our learners' accessibility needs. VPATS are available upon request. Our audits and VPATS are completed by a third party.

We are committed to testing with users with different ranges of abilities and disabilities to ensure the usability and accessibility of our products.

A series of tests are conducted to ensure our compliance with the WCAG AA guidelines. Baseline assessments are completed, using a third-party vendor, to uncover gaps and inform a remediation roadmap. As new features are developed an accessibility-specific success criterion is defined, and all new work is tested to ensure it complies with the criteria prior to release. As these products continue to grow and the accessible feature set expands, semi-regular assessments will be completed by an external vendor to ensure continued compliance with the WCAG guidelines.

	be supplied upon request. To request, please contact us at accessibility@mheducation.com
PowerPoint	PPT's have been prepared to be compliant with WCAG Level AA guidelines.
Videos are closed captioned and/or transcripts are available	Videos offer closed captioning, video descriptions and transcripts. To request transcripts, please contact us at the information listed above.

Application Based Activities (ABA's)	Application Based Activities (ABAs) are not available with this title.

Adaptive Learning Assignment

The Adaptive Learning Assignment is an assignment type within our latest Connect Master products. This assignment provides a learning experience that adapts to the unique needs of each learner through ongoing formative assessment, feedback, and learning resources. Built from the ground up with accessibility in mind, the Adaptive Learning Assignment includes appropriate color contrast, keyboard navigation, and screen reader usability to support students with accessibility needs. An independent audit to the WCAG 2.1 AA standards has been completed resulting in zero "does not support" findings.
