Downloading Your *Everyday Mathematics* PDFs

The following instructions will show you how to find the additional resources including the Math Journals you may want to provide to your students for remote study.

- 1. Click on the Resources button.

2. Click on the resource and download to provide to your students and their families.

To aid families assisting their students with remote learning, we recommend that you also provide the Family letter for the unit of instruction. To find this resource for each unit follow these instructions.

- 4. Click on the Resources button.

5. Click on Family Letter under Lesson Resources. Then you can download or print the letter to provide to families.
