

Parent Information Sheet: CMC Level B

Connecting Math Concepts is a core mathematics program that is aligned to the Common Core State Standards. Each lesson covers a variety of topics (for example, subtraction, counting, geometry) and each topic is developed gradually over many days of instruction to help every child be successful and master the content of the lessons.

Here are some of the topics your child will learn about this year:

- x Column addition and subtraction
- x Place Value
- x
