Administering the Placement Test

A Placement Test is included to help ensure proper placement in the

materials. Make a copy of the Placement Test Record (pages 3–5) for each student completing the Placement Test. Provide each student with a copy of the Placement Test (pages 6–8). Administer the Placement Test to each student, following the instructions on the Placement Test Record. Have each student start with Section 1 on the Placement Test. Mark and record errors as indicated on the record sheet. Stop administration as directed. Identify and record the student's placement information at the top of the Placement Test Record. cement
